Hi Friends,

A new issue of MSS Time for you to read.
Covering Issues of our activities in the City of Mumbai.

With the declaration of a Pandemic by WHO recently, the Corona scare has escalated to a level that a fear looms over every meeting. And rightly so, prevention is mandatory, or fatalities can occur.

Now, with a clear directive from ASI President, all further meetings have been cancelled. For our safety. Till then, we were in two minds. We just need to take precaution, not letting the infection spread, and to contain it, till it is over.

Till then, enjoy reading!
